ACME CAPITAL | Head of Platform & Development
San Francisco, CA | November 2025 - Present

- Lead investor relations and fundraising communications, partnering with firm leadership to develop investor materials, coordinate LP engagement, and support ongoing investor relationships.
- Oversee CRM strategy and operations, improving investor and stakeholder data quality, relationship tracking, reporting, and internal visibility.
- Evaluate software vendors and operational tools, including investor portal solutions, to improve investor communications, information management, and internal workflows.
- Represent ACME at industry events and investor engagements, cultivating relationships that drive deal sourcing, fundraising, and strategic partnerships.
- Plan and execute ACME's annual investor meeting, founder gatherings, and ecosystem events, coordinating programming, stakeholders, vendors, and logistics.
- Partner with firm leadership on strategic initiatives spanning fundraising, investing, external relationships, and organizational development.

ACME CAPITAL | Platform Manager
San Francisco, CA | September 2023 - November 2025

- Administered the firm's Affinity CRM, including data management, team training, custom views, dashboards, and relationship intelligence workflows.
- Developed investor presentations and fundraising collateral in close collaboration with the Managing Partner.
- Built automated workflows to improve contact data reliability, stakeholder engagement tracking, and internal coordination.
- Planned and executed investor and portfolio events, managing logistics, external partners, and stakeholder communications.
- Developed scalable onboarding and knowledge management systems to support portfolio companies and internal teams.
- Managed relationships with external vendors and service providers, evaluating resources and coordinating support across the portfolio.

ATOMIC VENTURE STUDIO | Program Manager
Remote | February 2021 - September 2023

- Partnered with senior leadership to design, launch, and scale programs supporting founders and the broader venture ecosystem.

- Developed repeatable onboarding, communications, and knowledge management processes across multiple ventures.
- Directed a competitive internship program attracting more than 3,000 applicants annually, managing complex operations and stakeholder coordination.
- Designed feedback and reporting systems to evaluate program effectiveness and inform operational improvements.
- Coordinated high-profile events and cross-functional initiatives involving founders, executives, and external partners.

BOOMPOP | Chief of Staff to the CEO
Remote | April 2021 - March 2022
Concurrent role at an Atomic portfolio company

- Partnered directly with the CEO on strategic priorities, cross-functional execution, and operational initiatives.
- Coordinated stakeholders across product, operations, customer experience, and brand to drive execution.
- Supported product research, early product development, and the launch of a new service offering.
